- ◆ You must remain up-to-date with preschool payments in order for your student to continue attending class.
- ◆ Each preschool program will have a total of six monthly payments (September through February). Reminder bills will be handed out near the beginning of the month with payments being due by the 15th of that same month.
- ◆ In order to limit the exchanging of cash amongst multiple people, we are asking that payments be made utilizing our Payschools program. Instructions on how to access payschools is attached. It is a simple way for you to be able to pay at home using a credit/debit card. If necessary, payments may be made in the ECC's main office with check or cash (exact change only).
